# GET IT DIRECT

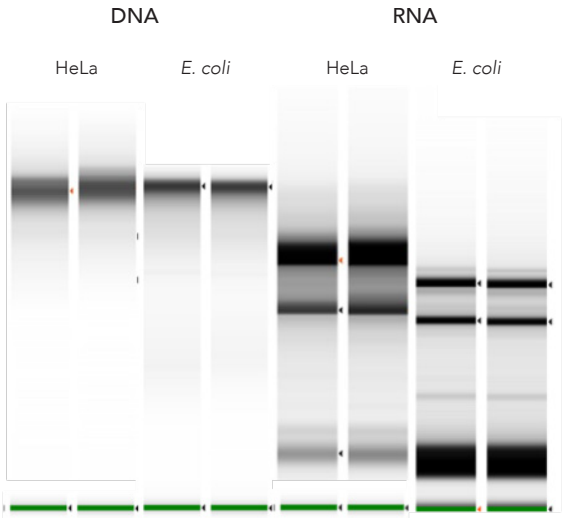

## DNA & RNA from TRIzol® in 7 minutes

(Protein can be also purified in parallel from the same sample)

## Direct-zol™ DNA/RNA (any sample: blood, cells, tissue, etc.)

- **One Input, One Column:** Purify DNA & RNA directly from TRIzol® with just one spin-column.
- **Easy Handling:** No phase-separation or precipitation steps.
- **High-Quality:** DNA & RNA (including small & micro RNA) ready for Next-Gen Sequencing, qPCR and RT-qPCR, hybridization, etc.

### NGS-Ready DNA and RNA

High quality DNA and RNA purified in duplicate from the same input of mammalian (HeLa) and bacterial (*E. coli*) cells using the **Direct-zol™ DNA/RNA Miniprep Kit**. Samples were visualized using the Agilent 2200 TapeStation® system.

### DNA and RNA *directly* from TRIzol®

in separate fractions

| Product | Cat. No. | Size | Binding Capacity | Minimum Elution |
|---|---|---|---|---|
| Direct-zol™ DNA/RNA Miniprep Kit | R2080T<br>R2080<br>R2081* | 10 preps<br>50 preps<br>50 preps | 25 µg DNA and<br>50 µg RNA | 25 µl |

*Supplied with TRI Reagent®
